For Sallow, Wrinkled, Freckled, Pimpled Skin

(From Woman's Home Journal.)

If you have any cutaneous blemish, don't use paint, powder or anything clso to cover it up. Too often this only emphasizes the defect. Besides, it's much casier to remove the disfigurement with ordinary mercolized wax. Applied nightly, the wax will gradually remove freekles pimples, blackheads, moth patches, or any surface eruptions. The affected cutiele is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for an ounce of mercolized wax and use this like you use cold cream. Remove in morning with soap and water. Many who have tried this simple and harmless treatment report astonishing results.

If betweed with wrinkles, sagging cheeks or double chin, a wash lotton made by dissolving an ounce of saxolite in a half pint witch hazel will prove effectual. (From Woman's Home Journal.)
